One Two Tree's Pest Control Division is dedicated to protecting your family and home from disease-ridden & disgusting pests!!

One Two Tree takes a **PEST FREE** approach to rid your home of uninvited guests!

1. Exterior Protection: More pest come into homes during rainy season.

To guard against their entry, we treat the exterior perimeter of your home every 60 days.

2. Interior Elimination: Our goal is to treat inside your home as little as effectively possible.

We apply bait into cracks and crevices and harborage areas where the pest mingle and hide to wait for the right time to come out and eat.
